

To whom it may concern,

I am Dr. John Gremmels and I have the privilege of serving as the President & CEO of NewDay Services for Children & Families. We are a Faith-Based, Non-Profit serving 59 counties here in North Texas. It is an honor and a blessing to have you visit our ADA-compliant website. Our Calling and Mission is to walk alongside parents, through classes and coaching, on their journeys to becoming the loving, engaged role models their children so desperately need.

It is our Vision to be World Changers. We do this so that all children grow and thrive because parents work together courageously to provide a loving, safe home.

Since 1997, NewDay Services has been investing in keeping parents and children together in loving, safe homes. This is critical. Research shows that early childhood experiences affect behavior, biology, and health. When parents are supported in the parenting journey, children thrive. However, sometimes parents find themselves in painful situations. Overpowered by fear and confusion, they feel alone and don't know where to turn without support in the toughest of times, parental choices can lead to devastating, long-term effects for their children, for future generations, and ultimately, society itself.

We provide results-driven parenting programs that help prevent child abuse and neglect. Parents are referred from the Child Welfare Courts, Child Protective Services, ACH OCOK, 2Ingage and other community organizations. NewDay Services supports mothers and fathers whose children have already been removed or are at risk of removal from their homes. This is due to poor choices resulting in difficult, often toxic home environments.

NewDay Services offers the opportunity for sustainable change to parents raising children among broken relationships, economic instability, and lack of hope. Programs include: Chaplaincy (spiritual support in the Family/Juvenile Courts), Family Services (anger resolution and co-parenting classes), and FOCUS+ (Families Offering Children Unfailing Support), an interactive learning experience (FOCUS+ Curriculum) and a highly relational, dedicated point of contact (Mentor Navigator) to help them realize their potential as parents. We improve children's lives by empowering their parents.

For more information, please call [817-926-9499](tel:817-926-9499) or email us at [newday@newdayservices.org](mailto:newday@newdayservices.org).

We look forward to connecting with you as we **Help Parents be Parents so Kids can be Kids!**

Sincerely,

A handwritten signature in cursive script that reads "Dr. John Gremmels".

Dr. John Gremmels  
President & CEO
